Parent/Guardian Full Name:.....

Signature of Parent/Guardian Date

This permission will remain in place for the duration of my child's enrolment at Red Hill Consolidated School unless it is revoked in writing.

CONSENT FORM—HEAD LICE INSPECTIONS

Student's Name: _____ **Grade:** _____

The school is aware that head lice infestation can be a sensitive issue and is committed to maintaining student confidentiality and avoiding stigmatisation.

If your child is suspected of having head lice, before an inspection is conducted staff will explain to your child what is being done and why, and it will be emphasised that the presence of head lice in their hair does not mean that their hair is less clean or well kept than anyone else's. It will also be pointed out that head lice can be itchy and annoying and if you know you have got them, you can do something about it.

The person conducting the inspections will physically search through your child's hair to see if any lice or eggs are present.

In cases where head lice are found, the person inspecting your child will inform the student's class teacher and the Principal. The school will send a written notice home with your child and provide parents with comprehensive advice about the use of safe treatment practices which do not place children's health at risk.

Please note that the law requires that where a child has head lice, that child should not return to school until appropriate treatment has commenced.

I hereby give my consent for the above-named child to have their hair inspected if they are suspected of having head lice. This permission will remain in place for the duration of my child's enrolment at Red Hill Consolidated School unless it is revoked in writing.
